HINDENBURG IS BEING ATTACKED

Campaign for Overthrow of German Field Marshal Inaugurated.

London, Eng., May 3.—Former influential officers in the German army, supporters of von Moltke, former chief of staff, are agitating against field marshal von Hindenburg on the ground that the German successes on the western front have not reached expectations, according to reports in The Hague, transmitted under reserve by the correspondent of The Daily Mail.

Conflict of Opinion.
Another report, which according to the correspondent, appears to have some foundation, is that a sharp conflict of opinion has arisen between field marshal von Hindenburg, general Ludendorff and the crown prince on one side and chancellor von Hertling and foreign secretary von Kühlmann on the other. The emperor, after considerable wavering, is said to have inclined to von Hertling's side, although hesitatingly.

SERVICE STRIPES ON LEFT, CHEVRONS ON RIGHT SLEEVES
The service stripes that have been recently authorized by the war department to be worn by men of the army who have seen service at the front will be worn on the left sleeve, it was announced in orders received from the adjutant general's department. This change was made in compliance with the taking of the chevrons off the left sleeve.

MACHINE GUNNERS TO WEAR RED ACCORNS ON HAT CORDS
Recent instructions received in military circles announce that members of the infantry machine gun battalions will wear the infantry blue hatched with red accorns. The combination of colors is one of infantry and artillery organizations, indicating the dual nature of the organization.
